

ENGINEERED FOR OFFICER SAFETY

When you're in law enforcement there's no room for second guessing. That's why more agencies choose the Monadnock PR-24 Side Handle Police Batons, the most field tested batons ever made.

- Excellent in defensive techniques
- Get control of a subject without excessive use of force
- Lifetime repair or replacement guarantee
- Certified training programs for the PR-24 are available to the law enforcement community through the Monadnock Police Training Council

THE CHOICE IS YOURS

PROTECT AND RESTRAIN

PR-24[®]

Control Batons

PR-24 TRAINING

Monadnock is a well respected and internationally known name in law enforcement education through the Monadnock Police Training Council.

- The Council's certification standards and procedures are structured to meet contemporary legal challenges.
- The curricula are fully researched in terms of tactical, medical and legal consequences resulting from police intervention.
- A cadre of competent expert witnesses stand behind all Council Certification programs.

THE COUNCIL'S PHILOSOPHY

Because human rights are a critical concern at Monadnock, we have put our certification policy of "Protect & Restrain" to work in all of our curricula. Today more than 40,000 instructors, 3,000 instructor-trainers and 91 international instructors are teaching Monadnock's certification programs in their respective agencies (or assisting at other law enforcement departments). This is a source of great pride for us at Monadnock as well as evidence for you to evaluate both our success and longevity as an international educational resource.

To learn more, visit the Training Council at www.trainingcouncil.org.

PR-24[®]

Control Batons

INCREASE YOUR DEFENSE OPTIONS

The PR-24 Control Baton from Monadnock[®] is combat ready with the flick of your wrist.

- Designed especially for close-quarter confrontations.
- Provides the greatest protection when effective blocking techniques are used.
- Protects the firearm hand.
- Has a distinct psychological advantage – subjects will think twice about resisting when they see the baton open.

BATON RETENTION IS CRITICAL

Maximize baton retention with the Short Handle baton with Molded Trumbull Stop.

This innovative device offers a number of benefits:

- Reduces unnecessary injuries.
- Keeps the baton away from violent subjects.
- Enhances the baton's performance during striking and restraint techniques.

It also offers the following features:

- Provides a firm grip for maximum performance during training or in the field.
- Closes easily by pushing the button to push the shaft back into the handle.
- Won't roll if dropped, making it easy to retrieve.
- Pull the shaft out passively for a low profile draw.

PERFORMANCE PLUS PROTECTION

A Monadnock baton is engineered to last a lifetime.

- Designed with a shock washer and O-rings to absorb the impact when the baton is opened.
- Locks into place when extended using a spring that pushes up against a steel pin.
- Collapses by simply pushing the button.

HOLD YOUR OWN AGAINST AN OPPONENT

- The side handle helps you retain your baton in a struggle.
- The short handle has a metal insert to better hold the attachment screw into place.

ALUMINUM FRAME FINISH

FRONT DRAW[®] HOLDER WITH CLIP-ON BACK

- 360° swivel capability with 8 locking positions.
- Made from durable polycarbonate.
- Secures the baton with interior spring pressure in open and closed positions.
- Tension springs hold the baton firmly in place, but allow for quick drawing from any position.
- Holder can be repositioned for the officer's comfort.
- Available in plain and basketweave.

Model 3015

TEST AND EVALUATION PROGRAM

Monadnock is pleased to offer a risk-free program designed to give agencies the opportunity to test our products first-hand, before purchasing. That way, our customers are 100% certain which batons best meet their needs. Participants in this program are not under any obligation to make a purchase.

To take part in Monadnock's Test & Evaluation Program, simply call us at (800) 258-5492 or (603) 585-6810 and we'll be happy to give you the details.
